

# Four Way Fin System

adjust - and fast 4ward your surfing!

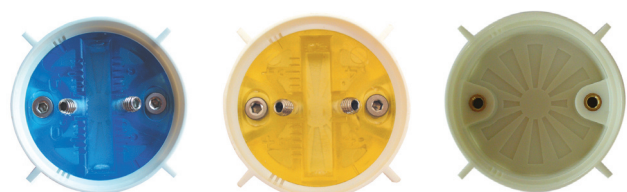

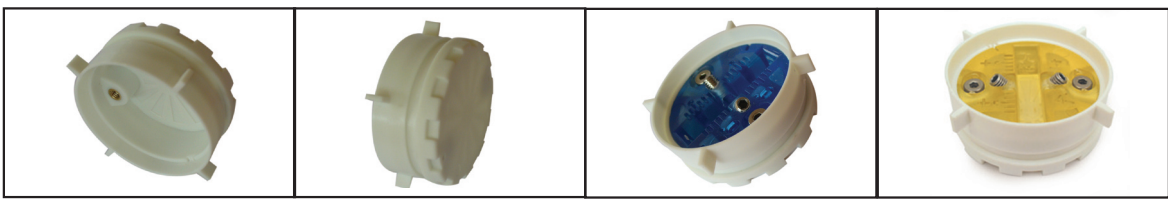

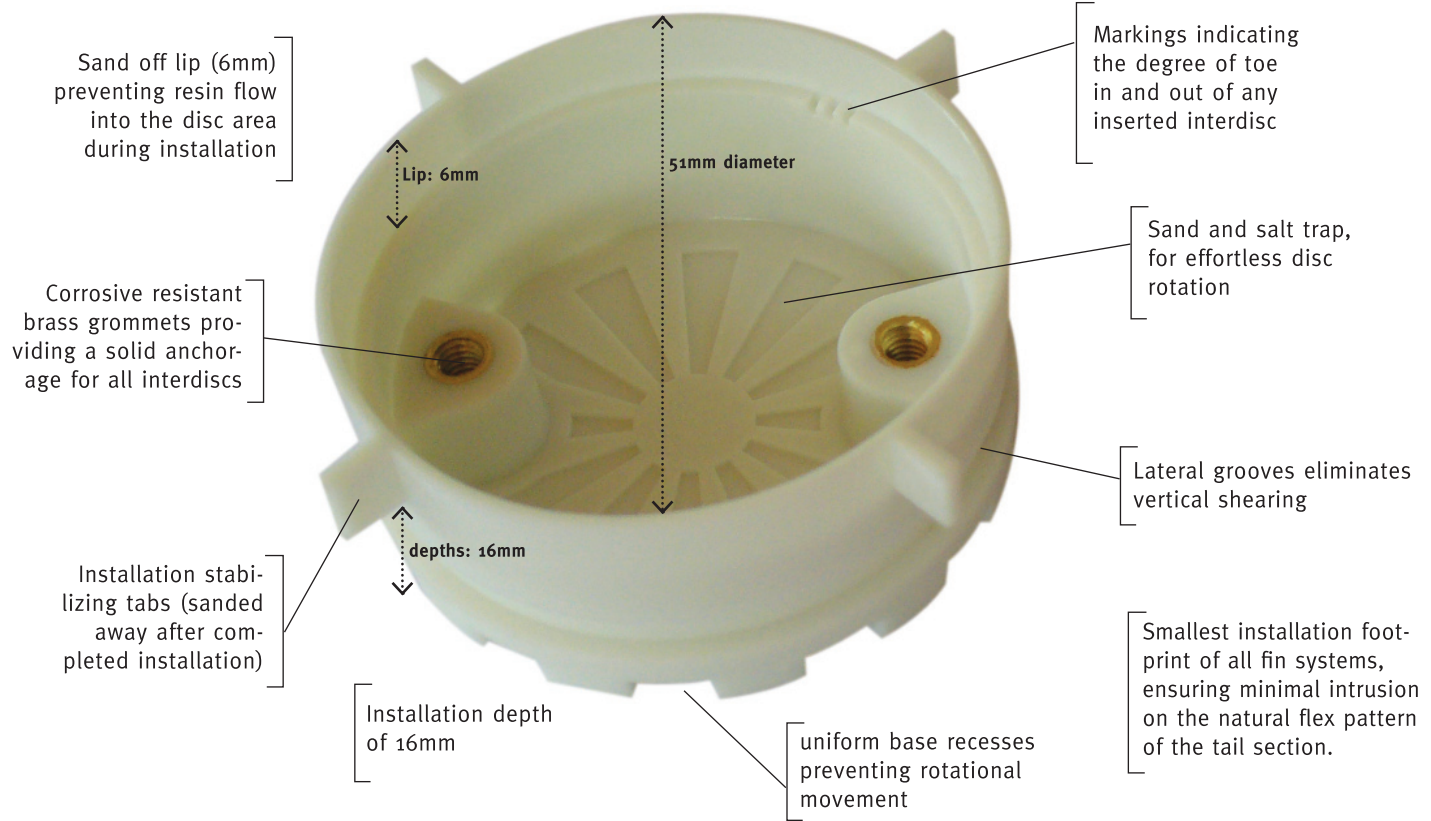

INTERNATIONALLY PATENTED!

- 1. Horizontal Realignment
- 2. Outward and Inward Splay
- 3. Toe-In and Toe-Out
- 4. Fin Replacement

## 4WFS - OTG BOX [on the glass round installation box]

The 4WFS OTG Box [standard round box] is installed once the board has been laminated and sanded (refer to the installation instruction pdf). The 4WFS OTG Box is manufactured from a high specification compound which together with a number of under-surface features allows it to withstand considerable impact with solid objects. The unique cylindrical shape eliminates any zone of weakness, and provides a stable and well balanced fin mounting platform.
